

**GHWO – Timers:** Hunter Burkhalter  
 ([hunter.burkhalter@soah.state.tx.us](mailto:hunter.burkhalter@soah.state.tx.us))

**Timer Assignments**

1. These Lane assignments are for the morning and afternoon sessions.
2. Each team will need to have one timer in each of their assigned lanes for the whole meet. Substitutes are allowed whenever they want but must be provided by the team assigned to the lane. Head Timers will not provide relief timers.
3. Timers must be on deck 30 minutes prior to the start of each session so the Head Timer can have a timers meeting. (To be held at hallway by girls bathroom.)
4. UT will provide watches. Each team may choose to bring their watches. There will be two timers per lane. They will use the clock buttons and stopwatches simultaneously. Both watch times should be written on heat sheets for back-up purposes.
5. GHWO will provide Head Timers--2 each pool.
6. 32 timers are needed per meet (preferably 2 per pool). All teams will plan on providing 4 timers per meet. Extras, if any, can be used by the teams as relief timers.
