Please notify your volunteers. If you would like to move those folks into back up for our other positions, it would be greatly appreciated. Just let us know.

If you have people who know they are going to be back up people, please ask that they sit in the stands directly above and closest to the double doors on deck (i.e. over the volunteer coordinators table) so that we can more easily get their attention and communicate with them. We will have a dry erase board to communicate better with our parents and back up volunteers in the stands. Also please tell the parents when they need a child or a child needs them we will be writing it on the board and holding it up in front of the double doors (volunteer coordinators table) on deck.
